

The Nashville Fair Quilt Show has been honored to have Anne Marcellis judge our show the past two years. She is very thorough in her evaluation of each quilt, giving each one careful consideration. She has given wonderful and encouraging praise of the skills well exhibited, and any quilt with something that could be improved has been given constructive suggestions. I appreciate this so that each quilter can grow in their quilting journey--without critique we cannot become better quilters. Each quilt has been treated with respect and given the attention they deserve. As Anne is an amazing quilter, we know as a fellow quilter she appreciates the work that goes into each entry. Anne has given of her time and skills to the show, and I cannot recommend her enough as a judge!
